To Whom it may concern,

We have signed up for Indiana Telephone Privacy becasue we do not want these
phone calls coming into our household. They are a nuisace, they are annoying,
and basically a distraction to what family time I have. I what it to be known
that I will pull all my business from these company if this is passed. They have
no right to bother me or my family, and if they want to keep my business THEY
WILL NOT!!!!!!!!!!!!!!!!!!!!
